It would suit me if you would arrange so that I could get back to Calcutta not later than the 20th instant. Please let me know if this will suit you.

13 The Brahmin cook who was called to me once before, I think is the same Brahmin. He is a capable worker and is a man I can depend upon in cooking. When I was in Darjeeling it was the best cooking I had.

14. Why is it that the cost of living in Calcutta is nearly 3 11/2 times as much as 5 miles from Calcutta.

15 When I was in Calcutta I was told by my friends that I should be careful as to the class of servants I employed, but my friends did not tell me how I was to get rid of my present servants. Now the position is that I have to employ a number of new servants.

16 You will be glad to hear that my wife and children are in good health.

Yours
11/11

General and Revenue Secretariat.

2nd File No. 56 of 1925

Serial No.

18 The Superintendent, Lunatic Asylum, to whom the matter had to be referred, reports that the cost of the present Indian mixed diet was by an oversight reported to be 0-4-8½ while it actually comes to 0-7-½.

19 The cost of the proposed Indian Full as well as Indian Mixed diet becomes less than the existing diet by o-1-11½ in each case, the reason being the exclusion of mutton in each case, which is proposed to be given as an "Extra" to selected cases

20 As regards the point raised in para 13,above the proposed Indian Full diet has been made suitable to Brahmin patients also, by taking away mutton and garlic from the existing "Rice-full" diet There will be no object in having the same ingredients repeated under two names "Brahmin diet" and "Indian Full diet". Moreover the term "Brahmin diet" is not used in any other medical institution although the vegetarian diet is cooked and served by Brahmin cooks. To have one name to one kind of diet will be more simple and natural. If necessary the proposed Indian Full diet may be called "India full diet (Brahmin)" The kitchen establishment is not proposed to be interfered with.

21 In point of cost the introduction of the proposed scales of diet will result in a saving of of Rs.5,677-15-8½ as shown below.

NOTE—Contn. sheet.

11 The number of C. & M. Station Lunatics now in the Asylum is reported to be 23 Europeans and 30 Indians.

38 As regards the point as to how the contribution will be affected by the proposed change, that will depend on the number of inmates that will remain in the institution during the ensuing year.

39 Since the tendered rates for the ensuing year compare favorably with the current rates, there is bound to be a saving by adopting the proposed scale The exact amount cannot be estimated, as European half diet is a new introduction and the total cost of diets will depend upon the number of such diets that will be issued.

To, GM.

C.C.

The Secretary to Government of Mysore,
Revenue Department,
Bangalore.

SIR,

In forwarding herewith a copy of letter No. 213, dated, 13th August 1923, received from the Superintendent, Lunatic Asylum, proposing revised scale of diets for adoption in the Asylum from 1st January 1924, I have the honour to state as follows:-

The existing scale has been in force for many years past and there are no records to show if it received sanction of Government. The present Superintendent suggests certain changes in the composition of diets on Medical grounds, viz., to substitute vegetable for mutton and include Brhamin diet under Indian Diet and done away with spoon and Brhamin diets and to introduce "European half-diet".

I enclose herein a statement showing the cost of the present scale and the proposed scale, from which, it is seen that, in spite of the slight alterations in the composition of the diets, the total expenditure is not likely to increase.

As the revised scale has been suggested after a careful consideration in the interests of the health of the patients, I request that early sanction of Government may be kindly obtained for adoption of the new scale from 1st January 1924,

and orders issued early for publication of the Notice calling for tenders before the close of the current month.

I have the honour to be,

Sir,

Your most obedient servant,

W Thomson

B.V.A.

Ag.Senior Surgeon.

Letter No.213 dated 13-8-1923 from the Superintendent, Lunatic Asylum to the Senior Surgeon, Bangalore.

I have the honour to submit a revised scale of diets for adoption in the Asylum from 1st of January 1924 and to request permission to publish it when calling for tenders next month. I enclose a copy of the existing diet scale also for comparison.

2. The changes are mainly in the Indian Diets. At present in the Indian mixed and rice full diet, mutton is served on every alternate day. But the rate charged by the Contractor, is the same whether Mutton is served or not. This is not fair. Moreover, I find regular issue of mutton to all Indian patients is unnecessary and in many cases undesirable. A vegetarian diet with sufficient dal and ghee, and vegetable are equally nurshing and I propose to give mutton as "extra", only to those Indians who desire it or may need it on medical grounds.

3. There is no necessity for a separate scale called "Brhamin Diet". The proposed Indian diet being Vegetarian will suit for Brhamins also. Of course, the kitchen and the cook will be separate for the Brhamins as ~~yet~~ at present.

4. The existing milk-diet is quite inadequate and in addition of Sooje and Cofee is made in the proposed Milk diet.

5. The so called "Spoon Diet" hardly meets the requirements of any kind of patient and can best be done away with.

6. European full-diet remains more or less the same as now. the only alterations being more salt and butter and less ghee.

7. European half-diet is necessary as some European and Anglo-Indian patients do not take heavy meals in the evening and prefer only milk and bread instead.

I request you to be good enough to accord sanction to my proposal at an early date, as the tenders have to be called for next month.

****

FROM

B. Mahomed Usmon Esq., L.M.S.,
~~DR. H. B. MYLVAGANAM, F.R.C.S. (ENG.)~~,
Ag. Senior Surgeon in Mysore,
Bangalore.

L. & REV. SECTT. Br. 3 NOV 1923 To L & R SECTION

To

The Secretary to the Government of Mysore,
Local and Legislative Departments, Bangalore.

Sir,

With reference to your office D.O.No.L.3201-Med., dated 1st November 1923, I have the honor to state that what is known as "spoon diet" at present is composed of

1.	Milk	1 pint.
2.	Sojee	6 ounces
	or	
	Arrowroot	1 ounce
3.	Sugar	2 ounces.

Why it is called "spoon diet" cannot be definitely stated, unless it be that it ~~is~~ was considered fit for patients in a weak state of health and therefore to be fed by the spoon.

I have the honor to be,
Sir,
Your most obedient servant

The Secretary to the Hon'ble
the Resident in Mysore,
BANGALORE.

Pol 706 E11
26th January 1924
med 58-23-

Sir,

I am directed to state that ~~at the instance of~~ the Superintendent, Lunatic Asylum, Bangalore, ~~and the Senior Surgeon with the Government of H.H. the Maharaja of Mysore,~~ has applied for sanction ~~it is proposed~~ to introduce ~~immediately~~, a revised scale of diets as per statement annexed, for the ~~patients~~ inmates including those of the C & M Station, ~~receiving treatment, as in patients, in~~ the Lunatic Asylum, Bangalore. The existing scale has been in force for many years and it is reported that the proposed changes in the composition of diets would be more suitable on medical grounds and are not likely to increase the total cost of maintenance of the ~~patients~~ inmates confined in the Asylum. ~~receiving treatment~~

and his proposals have been supported by their Superintendent after visiting Mysore

I am to request you to be so good as to favour this Government with the opinion of the Hon'ble the Resident in Mysore whether the proposed scale of diets may be adopted in the Asylum.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO GOVERNMENT,

2. Subsequent correspondence on the same subject ending with the Senior Surgeon's unofficial note dated the 27th November 1923 forwarding certain additional information on the same subject

3) correspondence ending with letter no 1443/25-1924 dated the 13th February 1924 from the Secy to the Hon'ble the Resident in Mysore stating that the Hon'ble the Resident in Mysore has no objection to the adoption of the proposed Scale of diets for the inmates of the Lunatic Asylum, Bangalore.

order No. L 7118-24

Sanction is accorded to the revised Scale of diets prepared by the Senior Surgeon, which may be brought into effect from 1st April 1924, with the remark that meat should be gradually eschewed from the diet. The name of "Brahmin diet" may be done away with as suggested
